

March 31, 1998

To Whom it May Concern:

In response to your request for material safety data sheets, I submit that our product does not fall under OSHA's Hazard Communication Standards.

Stanley Access Technologies' automated door systems are harmless by the following definition:

Any manufactured item which is formed to a specific shape or design during manufacturing, which has end use function dependent upon its shape or design and which does not release or otherwise result in exposure to a hazardous chemical under normal conditions of use.

If you need additional information, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph D. Halloran".

Joseph D. Halloran  
Vice President Marketing
