RE: STANLEY ACCESS TECHNOLOGIES ANSI/BHMA A156.10 and ANSI/BHMA A156.19 SELF-CERTIFICATIONS

To Whom It May Concern,

Stanley Access Technologies' line of sliding automatic entrances, including Dura-Glide, Dura-Guard, Dura-Storm, DuraFit and By-Pass-FBO, is compliant with the requirements of the current revision of ANSI/BHMA A156.10 for Power Operated Pedestrian Doors, when installed and adjusted by a factory authorized AAADM certified technician.

Additionally, Stanley M-Force is compliant with the current revisions of both ANSI/BHMA A156.10 and ANSI/BHMA A156.19, and Magic-Access is compliant with the current revision of ANSI/BHMA A156.19 for Low Energy and Power Assist Operators when installed and adjusted by a factory authorized AAADM certified technician.

Thank you.
