ICU/CCU Doors You Can Depend On
THE STANLEY DIFFERENCE

We are reliable to our core because you depend on us.

Even though we already have the largest geographic footprint in North America, we are continuously expanding our team of R&D and innovation engineers, sales representatives and service and install technicians. This paired with being the only manufacturer with 2 US factories means you can trust us to get what you need, how you need it and when you need it.

We never cut corners when it comes to safety and conformance.

Excellence is equated to making it right the first time, because we know every expertly crafted product we make needs to help you do better, safer, more significant work. Our unwavering mission to adhere to the highest standards of material, workmanship and service since we invented the first swinging automatic door over 80 years ago is the reason we continue to be the industry leader.

Experience and dedication to take you from where you are to where you want to go.

Our job is to help you do yours better, and we take pride in what you make possible. So you get consistency that meets your complete satisfaction, our products are only sold by, shipped by, handled by and installed by dedicated STANLEY employees and partners. Their experience with product solutions, codes and standards, and the industry runs deep; with an average of 12 years for our technicians and 13 years for our sales representatives.

We are a Purpose-driven organization. This is what binds us and drives us to do the impossible. Together, we can Make The World Accessible.
DOOR SERVICE MADE SIMPLE

DOORS ARE NOT YOUR MOST CRITICAL PIECE OF HEALTHCARE EQUIPMENT. BUT WE BUILD THEM AS IF THEY WERE.

As a service customer, you will receive the expertise of the industry's largest and most experienced automatic door service provider in North America. You can be assured your equipment is kept in top operating condition, planned maintenance is completed as required, part replacement meet manufacturer's specification, and all activity is appropriately documented thereby minimizing your liability exposure.

*The typical ProCare 8300 Manual model complies with the Buy American Act, as specified in Section 52.225-1 and Section 52.225.11 of the Federal Acquisition Regulations as of August, 2017.
Manual Compact 4-Panel Bi-Part

SOLUTIONS FOR

› Compact Panels Allow for Corridor Breakout
› Rough Opening Width Range: 84.5” - 144.5”
› Patient Privacy
› Large View Area
› Large Clear Door for Patient Transfer

APPLICATIONS

› ICU/CCUs
› Pressurized Isolation Rooms
› Emergency Department Treatment Rooms
› Pre/Post Surgery Rooms
› Same Day Surgery Rooms
› Trauma Rooms
› Office/Meeting Rooms
The **space-optimizing ICU door solution**, this compact 4-panel bi-part is the newest alternative to the standard ICU door. With a smaller breakaway arc, you can meet NFPA corridor codes and **never have to give up a square inch of your patient room design**. Effortless **one-handed operation** slides both center panels simultaneously. Our exclusive soft open/close **prevents loud slamming** and extends the life of the door.

**STANDARD FEATURES**
- Swing Out Button (STANLEY Exclusive)
- Swing Out Guidance System (STANLEY Exclusive)
- Catch Free Contoured Handle (STANLEY Exclusive)
- Soft Open / Close (STANLEY Exclusive)

**RATINGS***:
Smoke & Draft
Infection control

* Restrictions may apply such as overall frame height, sliding/breakaway panel width and glazing.

- Trauma Rooms

Combines a bi-directional manual swing door with a two-panel manual bi-fold door in one continuous header. The swing panel comes with a door closer but will hold open when pushed past 105-degrees. The bi-fold panels can either fold in or fold out and can fully (swing open) breakout) when more space is needed.

Options:

- Integral Blinds on Swing Leaf Self-Closing On
- Active Panel, 1-Point Locking
